

# The Baby Planner

Pregnancy Childbirth and Early Parenting Education

## **The Baby Planner Pricing Structure and Gift Vouchers**

*So how much does The Baby Planner cost?*

Although my services may seem like just yet *another* cost involved in having a baby, my philosophy is that you will be saving yourself time, money and *sanity* in the long run by making the right choices, right from the beginning.

Cost of the consultation fees includes my preparation and travelling time to your home or office, within a 30km radius of Perth CBD. Although I don't normally charge

for my travelling time, in order for me to travel beyond that radius, it will incur a small surcharge, please contact me for price. The fee also includes all informational handouts and referrals to other services, and the priceless cost of the convenience and personalised nature of my service.

### **FEE STRUCTURE**

\$100 for the first hour of each consultation, \$80/hr for each subsequent hour per consultation.

For example, if you would like me to visit your home for a 2 hour consultation it will cost \$180 (plus the additional, unavoidable 10% GST, meaning your total invoice would be for \$198 which is inclusive of GST).

If you wish me to return later in your pregnancy or after your baby is born for another 2 hours, it will again cost you just \$180 plus GST.

**Gift Vouchers** are available on request for friends, family or work colleagues who don't have a clue what to buy the parents-to be and are charged at the same rate as consultations. Please contact me to purchase.

I also aim to establish economical workshops in the near future, discussing common topics with *small groups* of clients in a central location, covering commonly asked questions regarding topics such as establishing a feeding/sleeping routine with your newborn and what to expect in labour and birth. Please keep an eye on this space for more information or contact me if you wish to be put on a mailing list for these workshops.

*For more information or to book a consultation, please contact me:*
