So who is The Baby Planner?

My name is Kirsty and I would feel very privileged to share this exciting time in your life with you.

I feel that my collective life and employment experiences work in perfect harmony to provide you with a unique and valuable service as The Baby Planner.

Some of these important experiences include,

- Over 5 years working as a Registered Midwife/Nurse in a variety of hospitals here in Perth and South Australia.
- Daily implementation of the skills needed to help women breastfeed, acquired in a comprehensive LACTATION ADVISORS PROGRAM.
- Working overseas with families as a live in Maternity Nurse/Nanny.
- Personal experience with children of friends and family of my own.

I aim to take what comes easily to me and pass it onto you in accordance with your own personal wishes and needs.

I want to help *you* have the pregnancy, childbirth and early parenting experience that *you* want, but with the benefit of my hindsight!
